ARIANTY SIAHAAN

ABOUT ME

Hi, I am Arianty.

I am a Biostatistician with specialized expertise in data analysis. With proven experience in data entry, cleaning, merging, analysis, storytelling, and action planning, I have contributed to impactful initiatives at reputable organizations, including BKKBN, Yayasan KNCV Indonesia, Dinas Kesehatan DKI Jakarta, and Save the Children Indonesia.

Passionate about the field of data, I bring 5+ years of experience as a Data Officer/Analyst, specializing in managing and analyzing large datasets to generate actionable insights. I am proficient in tools such as Python, SQL, Power BI, Tableau, Excel, SPSS, STATA, and QGIS, with a strong ability to transform complex data into meaningful outcomes.

Highly motivated and adaptable, I thrive in collaborative environments with diverse teams, leveraging data to solve real-world problems and drive positive change.
